CORPORATE PRESENTATION – APRIL 2024

[www.imaginelithium.com](http://www.imaginelithium.com)

# Cautionary Statement

This presentation is strictly confidential and any disclosure, use, copying and circulation of this presentation is prohibited without the consent of Imagine Lithium Corp. ("ILI" or "The Company").

The information contained in this presentation does not constitute or form part of, and should not be construed as, an offer or invitation to subscribe for or purchase the securities discussed herein in any jurisdiction. Neither this presentation nor any part of it shall form the basis of, or be relied upon in connection with any offer, or act as an inducement to enter into any contract or commitment whatsoever. No representation or warranty is given, express or implied, as to the accuracy of the information contained in this presentation.

This presentation contains certain forward-looking statements relating to the business, financial performance and results of the Company and/or the industry in which it operates. Forward-looking statements concern future circumstances and results and other statements that are not historical facts. The forward-looking statements, contained in this presentation, including assumptions, opinions and views of the Company or cited from third party sources are solely opinions and forecasts which are uncertain and subject to risks. A multitude of factors can cause actual events to differ significantly from any anticipated development. Neither the Company nor any such persons, officers or employees guarantee that the assumptions underlying such forward-looking statements are free from errors and omissions nor do any of them accept any responsibility for the future accuracy of the opinions expressed in this presentation or the actual occurrence of the forecasted developments.

The information contained herein has been prepared to assist the recipients in making their own evaluation on the Company and does not purport to contain all information that they may desire. In all cases, the recipients should conduct their own investigation and analysis of the Company, its business, prospects, results of operations and financial condition as well as any other information the recipients may deem relevant.

Neither the receipt of this presentation by any recipients, nor any information contained herein or supplied herewith or subsequently communicated in written, electronic or oral form to any person in connection with the contemplated issue of shares in the Company constitutes, or shall be relied upon as constituting, the giving of investment advice to any such person. Each person should make their own independent assessment of the merits of investing in the Company and should consult their own professional advisors. By receiving this presentation, you acknowledge and agree that you will be solely responsible for your own assessment of the market and the market position of the Company and that you will conduct your own analysis and are solely responsible for forming your own opinion of the potential future performance of the Company's business.

## Qualified Persons

Mr. Michel Boily, P.Geo (Quebec) is the Qualified Person as defined by National Instrument 43-101 who has examined and reviewed this presentation and geological information available from public sources related to the property and is responsible for approving the technical contents of this presentation. The Qualified Person has not completed sufficient work to verify the historic information on the Property, particularly in regards to the historical drill results. However, the Qualified Persons believe that drilling and analytical results were completed to industry standard practices. The information provides an indication of the exploration potential of the Property but may not be representative of expected results.

# Who is Imagine Lithium Inc.?

Exploration company focused on exploring and developing the Jackpot lithium project in Ontario

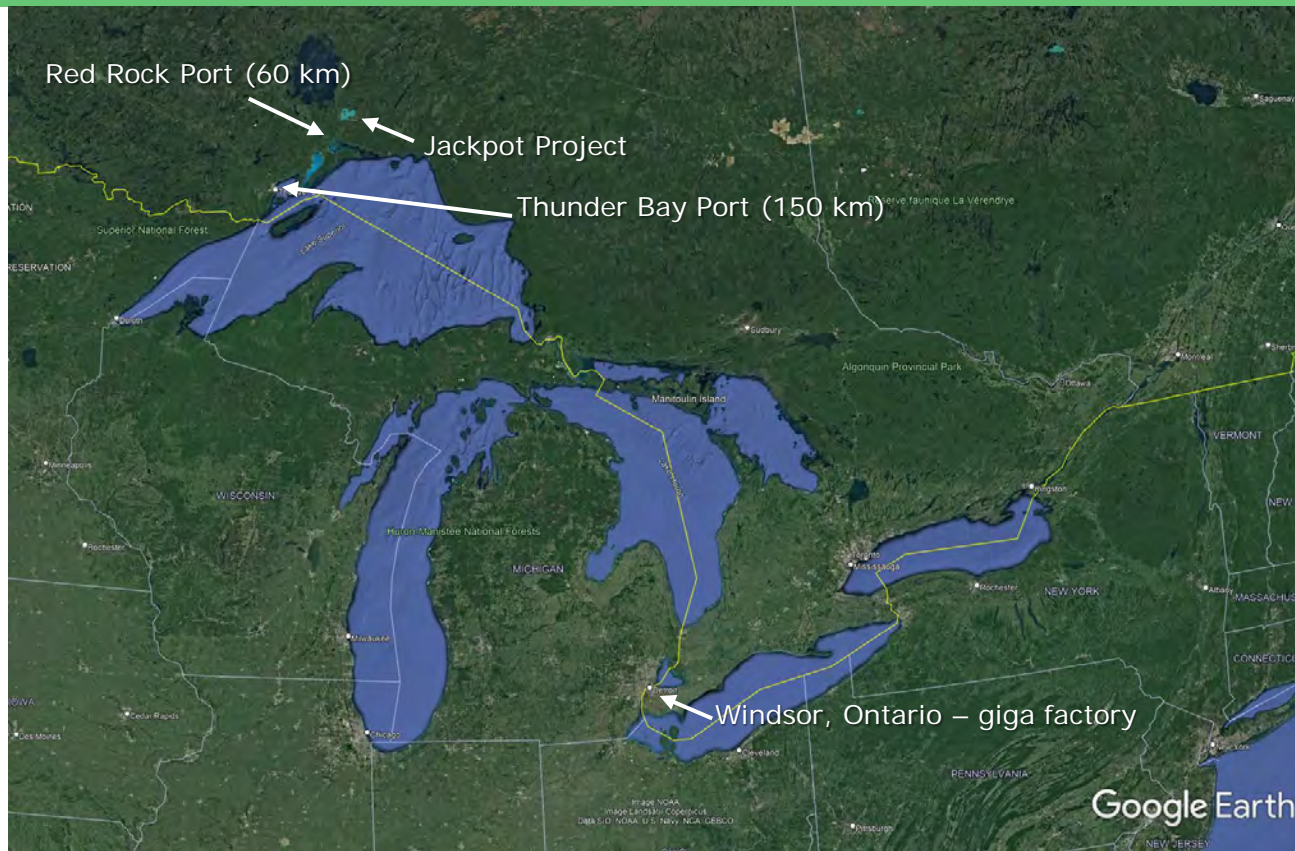

Jackpot is located near Nipigon Ontario and is surrounded by infrastructure, including ports, electricity, and highways

Led by skilled and qualified mineral exploration and business professionals with a deep understanding of the lithium market driven by demand for lithium-ion batteries

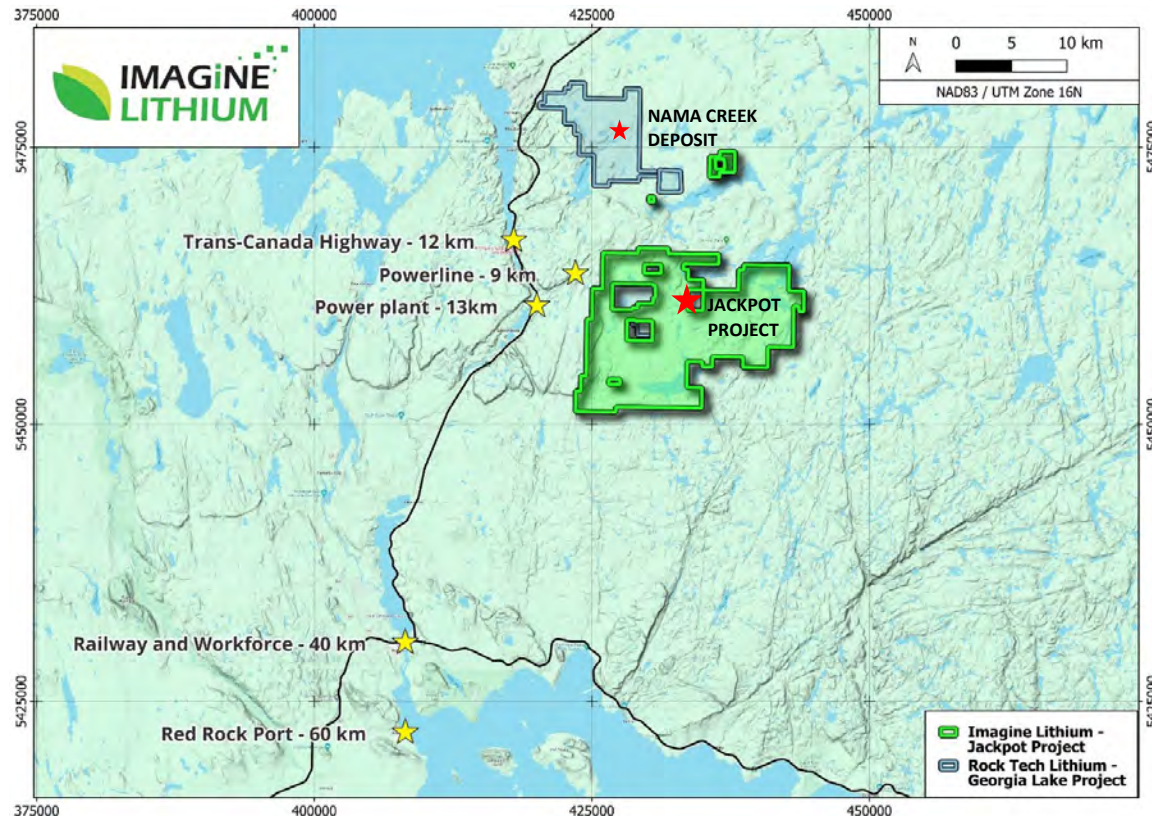

# Jackpot Lithium Project Location

- Located in proximity to the Great Lakes and St-Lawrence Seaway giving shipping access to:
  - Process plants elsewhere in the world
  - Giga factories planned for southern Ontario
- ~ 150 km from Thunder Bay port
- ~ 60 km from Red Rock port
- Possible lithium hydroxide plant in Thunder Bay

# Jackpot – Infrastructure is Key

- Infrastructure is readily accessible
  - Power
  - Roads/Highways
  - Railroads
  - Workforce
  - Ports
  - Communications
- Location provides an advantage to Jackpot over other more isolated lithium projects in Canada

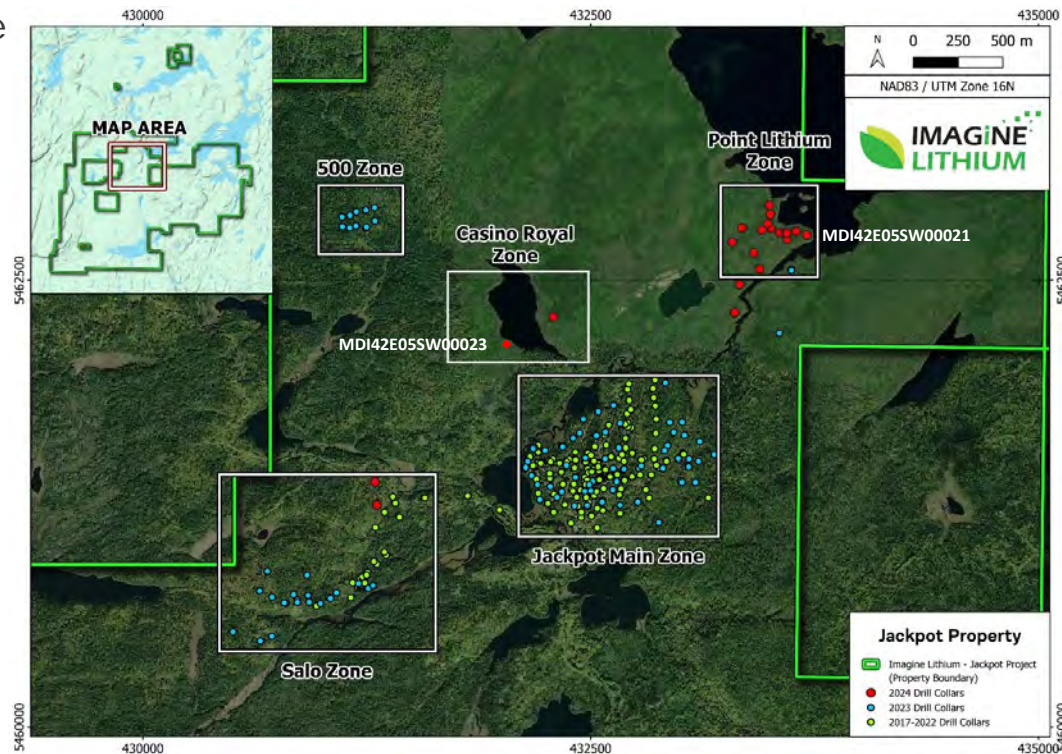

# Jackpot Large Land Package

- Large property ~ 18,800 Ha
- Main zone contains historical resource
  - 2 Mt @ 1.09% Li<sub>2</sub>O
  - Drilling is expanding resources
- Most prospecting within 2 km of Main Zone
  - Drill ready exploration targets identified
- Broader property remains largely unexplored with numerous known pegmatites to be investigated

# Jackpot Lithium Drill Programs

- Jackpot consists of a swarm of parallel lithium-bearing east-west trending dikes
- Historical resources (2 Mt @ 1.09% Li<sub>2</sub>O) – calculated in the 1950s
- Drilling is expanding mineralization; more than doubled strike length to date
- Highlight holes include 25.46m @ 1.21%, 21.00m @ 1.16%, 14.35m @ 1.22% Li<sub>2</sub>O

Location of drillholes

# Jackpot Deposit – Cross Section

- Relatively shallow drilling at <200 m
- New modelling provides more orientation information
- Dikes have a shallow dip to the north
- Open down dip

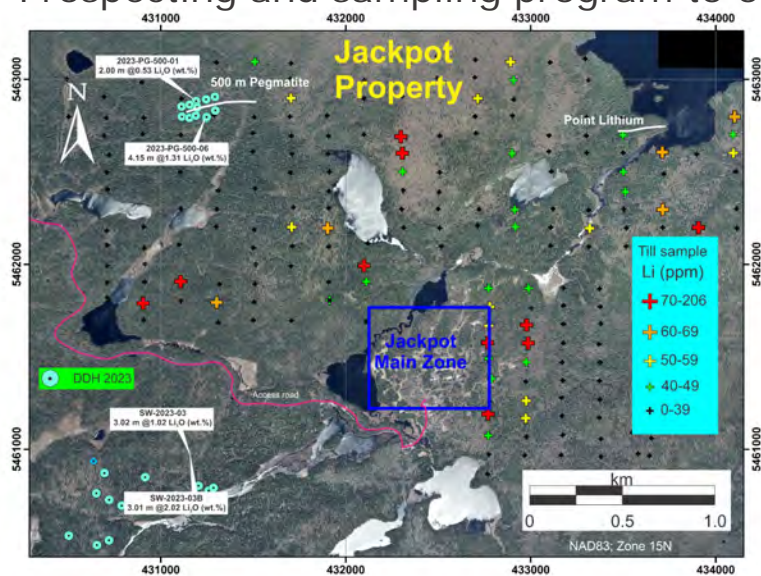

# Jackpot Deposit – 3D Model

3D Model Looking Approximately South

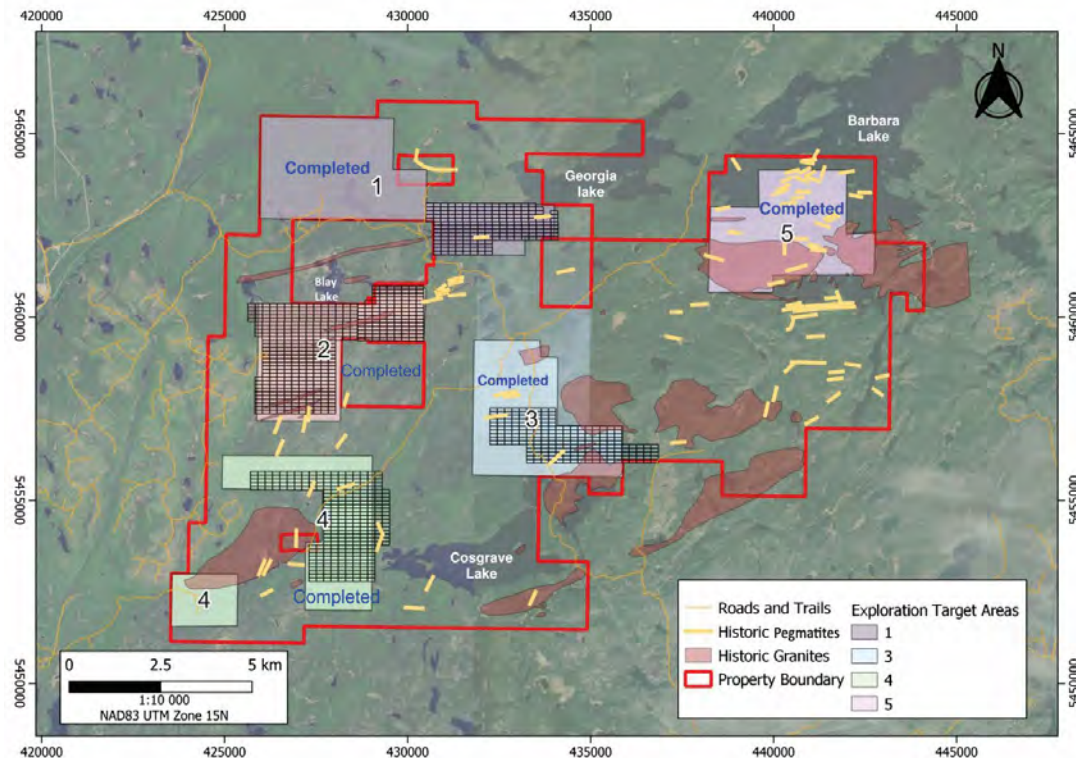

# 2023/2024 Exploration Program

- \$8.4 million of Flow-through to be spent in 2023 and 2024
- Drilling to expand Jackpot Main Zone and test new exploration targets (e.g. Canio Royale)
- Prospecting and sampling program to on broader Jackpot property

# 2023/2024 Exploration Program

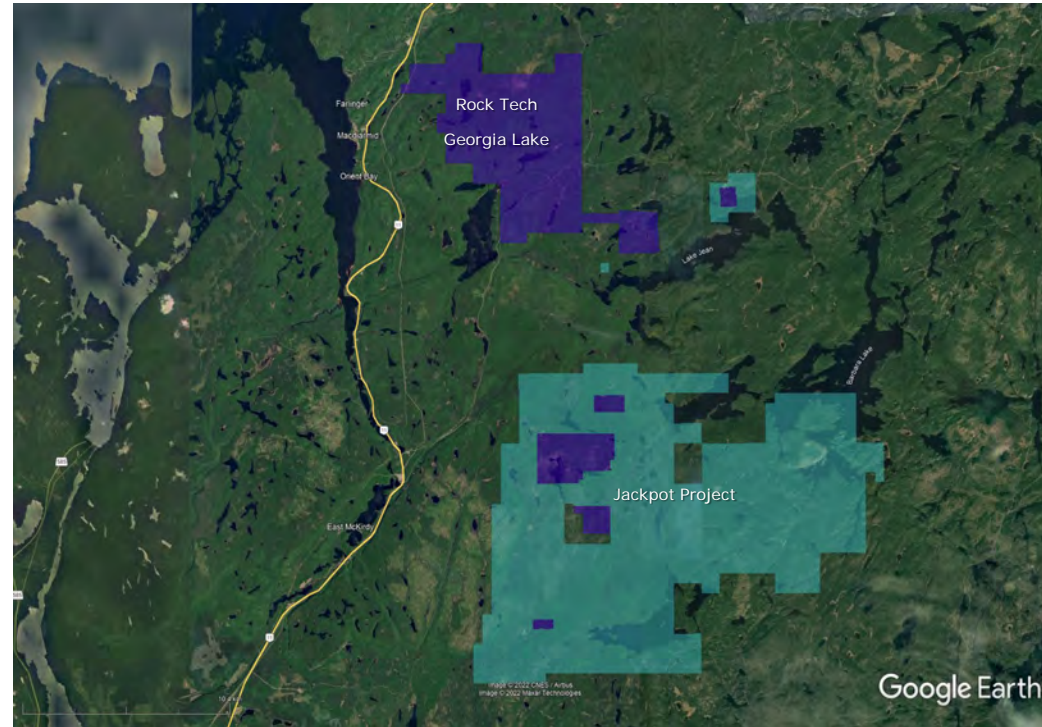

- Property wide prospecting and sampling program underway
- Dozens of pegmatites historically identified in the east and south need prospecting
- Systematic sampling program of priority areas
- 2023 sampling complete with pending results
- Potential for more lithium deposits

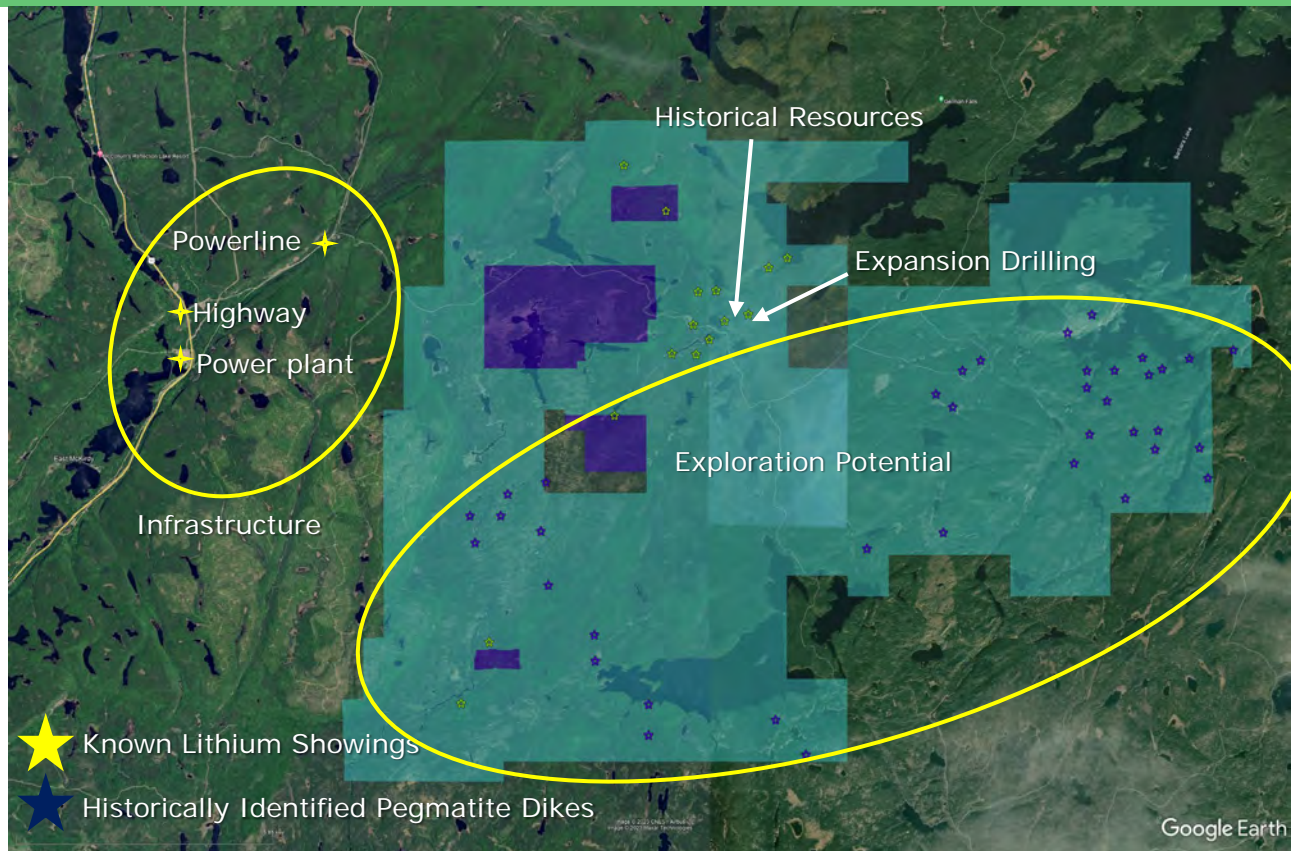

# Economic Potential

- MOU with RockTech to Explore Collaboration Opportunities
- Located ~15 km from Rock Tech Lithium's Georgia Lake Project
- Georgia Lake Pre-feasibility
  - Open-pit & Underground
  - To ship 6% concentrate from Thunder Bay
  - Reserves: 7.3 Mt @ 0.82% Li<sub>2</sub>O
  - Op Costs: US\$73/t processed
  - IRR (Pre-tax) 47.8%
  - NPV@8%: US\$223 M
    - At US\$1,500/t concentrate
  - NPV: US\$1.7 billion at current concentrate prices

# Jackpot – Primed For Growth

- Building on historical resource
- Expanded mineralized zone by 400 m to the East and growing
- Expansion drilling ongoing
- Numerous lithium showings to be sampled
- Numerous pegmatite showings to be prospected
- Ideally located near infrastructure

# Management, Board & Advisors

## J.C. St-Amour MSc CFA President, Director

- 20+ years of mining industry experience in corporate finance and mergers & acquisitions
- MSc in Geology
- Chartered Financial Analyst

## Victor Cantore Advisor

- 20+ years of advisory and leadership experience in capital markets
- Specializing in the resource and hi-tech sectors - equity and debt financings, mergers and acquisitions, joint venture partnerships and strategic alliances

## Dr. Michel Boily PhD Technical Consultant

- Professional geologist, expert geochemist and metallogenist
- Author of numerous technical reports and published in international scientific journals
- PhD in Geochemistry

## Arvin Ramos CFO

- 17 years of business experience, supporting various industries, including mining, technology, and banking
- Degree in Commerce
- Chartered Professional Accountant

## Gerhard Jacob M.Sc. Director

- 30+ years of mining and exploration experience incl. 12+ years in lithium
- Extensive management experience, including advisory and boards
- MSc in Geology/Geochemistry

## Michael England Director

- Involved in the public markets since 1983
- 30 years of experience in investor relations, directorships and senior officer positions
- Directly responsible for raising >\$60M for mineral exploration and acquisitions

## Jonathan Gagné Eng. MBA Director

- 12+ years mining sector experience - project development, operation and management
- BSc in Mining Engineering
- MBA Corporate Finance

# Share Structure

As of April 2024

SHARES OUTSTANDING (POST FINANCING)	277,128,030
WARRANTS	3,000,000
OPTIONS	6,675,000
FULLY DILUTED	286,803,030

# HIGHLIGHTS

- 100% owned position in Jackpot Lithium Project
- Building on historical resources
- Near infrastructure and port of Thunder Bay
